INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Forest History Society, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2017 and 2016, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Forest History Society, Inc. as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

FOREST HISTORY SOCIETY, INC.

Notes to Financial Statements June 30, 2017 and 2016

1. Organization and Summary of Significant Accounting Policies

A. Description of Organization:

The Forest History Society, Inc. (the "Society") is engaged in collecting, preserving and disseminating the history of forests and all forest-related activities. The Society solicits, receives and acquires gifts of money and other kinds of property to be used for educational and charitable purposes.

B. Basis of Accounting:

The Society prepares its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles; consequently, revenues are recognized when earned and expenses are recognized when the obligation is incurred.

C. Basis of Presentation:

Net assets and public support, revenues, and expenses are classified based on the existence or absence of externally-imposed restrictions. Accordingly, net assets of the Society and changes therein are classified and reported as follows:

<u>Unrestricted Net Assets</u>--Net assets that are not subject to externally-imposed restrictions. Certain net assets classified as unrestricted may be designated for specific purposes or uses under various internal operating budgets or for board designated purposes.

<u>Temporarily Restricted Net Assets</u>--Net assets subject to externally-imposed restrictions that may or will be met either by actions of the Society and/or the passage of time.

<u>Permanently Restricted Net Assets</u>--Net assets subject to externally-imposed restrictions that they be maintained permanently by the Society.

D. Investments:

Investments are carried at fair value. Fair values are based on readily available market quotes.

E. Cash:

For the purposes of the Statements of Cash Flows, the Society considers all bank deposits to be cash.

F. Accounts Receivable:

Accounts receivable consists primarily of reimbursements due for project expenses. The Society considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is made.

G. Contributions:

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence or nature of any donor restrictions. All donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

FOREST HISTORY SOCIETY, INC.

Notes to Financial Statements June 30, 2017 and 2016

1. Organization and Summary of Significant Accounting Policies (Continued)

H. Pledges Receivable:

Unconditional promises to give are recognized as support and assets in the period the pledges are received and are carried at net realizable value if they are to be collected in one year and at fair value if they are expected to be collected in more than one year. Fair value is measured at the present value of the future cash flows. Contributions expected to be collected in more than one year are discounted. Amortization of the discounts is included in contribution revenue. Conditional promises to give are recognized when the conditions on which they depend are substantially met. All pledges are considered fully collectible.

I. Inventory:

Inventory is valued at cost and consists of books, DVDs, and journals.

J. Land, Building, and Equipment:

Land, building, and equipment are carried at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the assets, which are 30 years for the building, 10 years for office equipment and 5 years for computer equipment and software. The Society's policy is to capitalize property and equipment when acquired at a cost greater than \$1,000.

K. Collections:

Collections include books, articles, pictures, and other items related to forest history. The collection is categorized and maintained at the Society's office.

Collection items acquired either through purchase or donation are not capitalized. Purchases of collection items are recorded as decreases in unrestricted net assets if purchased with unrestricted assets and as decreases in temporarily restricted or permanently restricted net assets if purchased with donor-restricted assets. Contributions of collection items are not recognized in the Statements of Activities. Proceeds from deaccessions or insurance recoveries are reflected on the Statements of Activities based on the absence or existence and nature of donor-imposed restrictions.

L. Income Taxes Status:

The Society is exempt from federal taxation under Section 501(c)(3) of the Internal Revenue Code ("IRC"); therefore, no income taxes are reflected in the financial statements.

As of June 30, 2017, the Society had no accrued interest or penalties related to uncertain tax positions.

The Society has its previous three tax years open to examination by federal tax and state tax jurisdictions. The Society has not been informed by any tax authorities for any jurisdiction that any of its tax years are under examination as of June 30, 2017.

M. Use of Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

1. Organization and Summary of Significant Accounting Policies (Concluded)

N. Functional Allocation:

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statements of Functional Expenses. Accordingly, the identifiable costs have been allocated among the programs and supporting services benefited based on management's judgment.

O. Long-Lived Assets:

Long-lived assets, such as building and equipment, to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the excess of the asset's carrying amount over the fair value of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

2. <u>Pledges Receivable</u>

Pledges receivable consists of the following:

June 30, 2017:	I	Pledges Receivable		rrying Value of Pledges Receivable
Amounts due in:	¢	709 620	¢	709 620
Less than one year	\$	798,629	\$	798,629
One to five years	. —	1,090,047	. —	1,054,050
	\$	1,888,676	\$	1,852,679
June 30, 2016: Amounts due in: Less than one year One to five years Thereafter	\$ 	299,325 1,097,181 50,000 1,446,506	\$ -	299,325 1,052,410 43,963 1,395,698

Pledges due in more than a year are reflected at the present value of estimated future cash flows using a discount rate of 2% at June 30, 2017 and 2016. All pledges are considered fully collectible and an allowance is not considered necessary.

3. <u>Investments</u>

Dividend and interest income for the years ended June 30, 2017 and 2016 was \$117,120 and \$95,485, net of investment fees of \$29,518 and \$28,816, respectively. Realized and unrealized gains (losses) totaled \$702,549 and \$(319,973) for the years ended June 30, 2017 and 2016, respectively.

Investments are carried on the books at fair value at June 30, 2017 as follows:

	Carrying						
		Value		Cost	Gain (Loss)		
Alliance Bernstein:	<u></u>						
Fixed Income	\$	2,227,946	\$	2,149,083	\$	78,863

Money Market Fund	45,001		45,001			
	\$ 7,604,091	\$	7,285,146	\$	318,945	

4. Disclosure About Fair Value of Financial Instruments

Fair value is defined as the price that would be received for an asset or the exit price that would be paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Society utilizes market data or assumptions that market participants would use in pricing the asset or liability. A three-tier fair value hierarchy is used to prioritize the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The Alliance Bernstein investment has a dynamic asset allocation overlay investment that is considered a Level 2 as it does not trade publicly. The market price is determined internally by Alliance Bernstein using the most recent prices in sales of the same or similar assets.

4. <u>Disclosure About Fair Value of Financial Instruments (Continued)</u>

The following tables set forth the financial assets and liabilities as of June 30, 2017 and 2016 that were measured at fair value on a recurring basis by level within the fair value hierarchy. Assets and liabilities measured at fair value are classified in their entirety based on the lowest level of input that is significant to their fair value measurement:

		Fair Va	s Using	
		Level 1	Level 2	Level 3
		Quoted Prices in	Significant	
	Balance at	Active Markets	Other	Significant

5. <u>Endowment</u>

The Society's endowment consists of 23 individual funds established for a variety of purposes. Its endowment includes donor-restricted endowment funds. As required by generally accepted accounting principles (GAAP), net assets associated with endowment funds including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Return Objectives and Risk Parameters

The Society has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield of appropriate market indexes while assuming a moderate level of risk. The Society expects its endowment funds, over time, to provide an average real rate of return of approximately six percent annually. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Society relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Society targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

FOREST HISTORY SOCIETY, INC. Notes to Financial Statements

June 30, 2017 and 2016

5. <u>Endowment (Continued)</u>

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Society has a current policy of appropriating for distribution up to 5 percent of its endowment fund's average fair value over the prior 12 quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Society considered the long-term expected return on its endowment. Accordingly, over the long-term, the Society expects the current spending policy to allow its endowment to grow one to four percent annually. This is consistent with the Society's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or the North Carolina State Prudent Management of Institutional Funds Act (SPMIFA) requires the Society to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$25,442 and \$74,677 as of June 30, 2017 and 2016, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation for certain programs. Both the deficiencies and the appropriations from accounts with deficiencies were considered by the Board of Directors in its evaluation and review of its responsibility under SPMIFA.

Interpretation of Relevant Law

The Board of Directors of the Forest History Society has interpreted the North Carolina State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Forest History Society classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted or unrestricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Society and the donor-restricted endowment funds
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Society
- (7) The investment policies of the Society

5. Endowment (Continued)

Building and improvements		337,085		318,216		18,869	
Furniture and fixtures		90,687		74,636		16,051	
Computer equipment and software		31,111		24,532		6,579	
	\$	942,921	\$	417,384	\$	525,537	

6. Line of Credit

The Society has a line of credit with Paragon Bank. Interest is due monthly at the prime rate plus .25%. The line of credit is secured by real estate. At June 30, 2017 and 2016, the outstanding balance on the line of credit was \$0.

7. Retirement Plan

The Society participates in a defined contribution retirement plan administered by Teachers Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF). All full-time, permanent staff are eligible after one year of employment. Employees must contribute 5% to the plan and the Society contributes 10%. Contributions by the Society on behalf of employees were \$45,278 and \$42,687 for the years ended June 30, 2017 and 2016, respectively.

8. <u>Concentration of Risk</u>

The Society maintains deposit accounts at two local financial institutions. Accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000. At June 30, 2017 and 2016, the amounts that exceeded the FDIC limit were \$1,346,349 and \$329,481, respectively.

Investments held by the Society are held at one brokerage company. The investments are protected by SIPC (Securities Investors Protection Corporation) up to \$500,000. The broker has also obtained excess coverage from a commercial insurer that provides up to \$24,500,000 in additional coverage.

9. <u>Temporarily Restricted Net Assets</u>

Temporarily restricted net assets are available for the following purposes:

	 June 30				
	2017				
Operations	\$ 25,385	\$	60,858
