

## PATTERSON GREYS WIN LIVELY GAME

PATTERSON, LA., Aug. 13.—The Patterson Greys, crack amateur baseball team of the F. B. Williams Cypress Co. of Patterson, defeated Opelousas last Sunday 1 to 0 after ten innings. It was a big time exhibition with good pitching and fielding. Seven double plays were made. The Patterson Greys won in the tenth by sending in a pinch hitter who cracked out a two-bagger and for whom a pinch base runner was sent in who came home on a timely single. The summary:

	R.	H.	E.
Patterson Greys .....	1	8	2
Opelousas .....	0	5	2
Batteries: Patterson—Lewis and Robinson;			
Opelousas—Cavet and Appleyby.			

The Greys also defeated Opelousas on the previous Saturday in a onesided game, 11 to 1. The Greys have won nineteen out of twenty-three games this year. Recently they established what may be a world's record in making eleven runs in a single inning without a man being retired. It was in the first inning of the game with Thibadoux and every man of the nine in the lineup scored a run and the two men at the top of the batting list scored a second run each before a putout was made. The next three men up went out in succession.

The Greys are the pride of H. P. Williams, son of F. B. Williams and an officer in the F. B. Williams Cypress Co. Mr. Williams has a team every year and coaches the players himself. He is an ardent sportsman and particularly addicted to baseball. The fact that he has sold a number of his players to the New York Giants is testimony enough as to his ability in developing them. He does not hire experienced professionals but fills up his string with promising Louisiana boys, some of whom are college students. Mr. Williams has two players going up next year to the Giants. Third baseman Hale is to report to McGraw in the spring and Shortstop Doty is to go forward during the summer.

Players whom Mr. Williams has sent up include Ivy Griffin, first baseman for the Athletics; Johnnie Monroe, whom the Giants sold to the Philadelphia Nationals and who is playing second base; John Paul Jones, pitching for Indianapolis, and Dick Humphries, who was a star in the Texas League until he quit baseball this summer. Manager Williams has three promising pitchers in Robertson, Lewis, an 18-year old boy at Marion Military Institute, Marion, Ind., and Chaissons, a southpaw.
