# WHITE RIVER LUMBER COMPANY

ENUMCLAW, WASHINGTON

October 10, 1945

Weyerhaeuser Timber Company  
Box 1295  
Tacoma, Washington

Attention: Mr. G. H. Thomas

Gentlemen:

Reference is made to your letter of October 3 concerning easement covering road across our property and the government property known as the Mud Mountain Dam site.

According to our engineer, Edwin Miller, it is not necessary that we require the right to cross and recross with other roads as suggested in Mr. Heidinger's memorandum of July 6, 1944, because the nature of the terrain makes this impractical. Use of the road as located and indicated in red on the map will give us the only feasible route to the Canyon Creek area, which is our objective in this deal.

Mr. Olson has signed this easement and three copies are enclosed herewith for signature of Mr. McCormick. Also, there is attached to the file of papers enclosed herewith two copies of proposed easement from the United States of America to be signed by the Secretary of War. Please return the complete file to us after Mr. McCormick has signed and affixed seal of the corporation.

Yours very truly,

WHITE RIVER LUMBER COMPANY

WEYERHAEUSER TIMBER COMPANY

TACOMA, WASHINGTON

October 3, 1945

White River Lumber Company  
Enumclaw, Washington

Mr. C. G. Smith

I return to you herewith the file and instruments which accompanied your letter of October 2.

I notice that the easement, as submitted by the United States Engineers for right of way over your lands, does not contain a clause providing that you may use the road so long as such use does not interfere with the Government's use, and that you are to have the right to cross and recross the same with other roads, railroads, etc. as suggested in Mr. Heidinger's memorandum of July 6, 1944, which is in the attached file. Have you definitely waived this requirement?

You also asked me to obtain Mr. McCormick's signature as Secretary, and I assume it was your intention to have the instrument signed by Mr. Olson as Vice President. If so, he should sign first, as the Secretary also has to sign the Certificate of Authority and Mr. McCormick could not be asked to sign this until the agreement was completely executed.

I call to your attention also that the easement which the United States is giving to you, recites that the right of way is shown in red on the map attached thereto, but they failed to so mark the map. Probably you are familiar enough with the road location to do this yourself rather than having it sent back to the engineers.

If you are willing to execute the easement to the United States in the form as drawn by them, please have Mr. Olson execute and acknowledge the same, returning all copies to me and I will pass them to Mr. McCormick for signature on the easement and on the Certificate of Authority.

# WHITE RIVER LUMBER COMPANY

ENUMCLAW, WASHINGTON

October 2, 1945

Weyerhaeuser Timber Company  
Box 1295  
Tacoma, Washington

Attention: Mr. G. H. Thomas

Gentlemen:

During 1944 there was considerable correspondence between this office and the U. S. Corps of Engineers, Seattle, Washington, having charge of the Mud Mountain Dam regarding right-of-way which they desired to secure from us covering a road across some of our property in the vicinity of the Dam and for which they asked a perpetual easement, and we in turn asked a similar easement from them covering a portion of the road which crosses the Mud Mountain Dam property and which would give us access to the Canyon Creek area.

At the time this matter was under consideration, U. S. Engineers were unwilling to give us a permanent easement but we stood firm in our request, feeling that we should not convey to them this type of title or right to the use of the road which they would not give us and they now agree to our position and have drawn the documents and forwarded to us for signature with maps accompanying them.

We are enclosing herewith not only the new file of papers upon this question, but the previous file which was handled by you during 1944. We will appreciate your checking these documents over and if they appear in order, would you get signature of Mr. McCormick as Secretary of our corporation and return to us and we will take it up with U. S. Engineers and request execution of their easement deed as enclosed herewith.

Yours very truly,

WHITE RIVER LUMBER COMPANY

Mr. Louis Olson

Mr. Finley of the Real Estate Branch of the Division Engineer's Office was here this morning and left the triplicate originals of right of way license to the United States in the NE $\frac{1}{4}$  of NW $\frac{1}{4}$  and NW $\frac{1}{4}$  of NE $\frac{1}{4}$  of Section 12, Township 19 North, Range 7 East, which you signed on March 3, 1944, explaining that the District Engineer had decided that the United States should have a perpetual easement instead of a license terminating on October 6, 1947, and Mr. Finley had with him triplicate originals of a proposed easement which, together with the triplicate originals of the license, are delivered to you herewith.

I told him that the easement would be sent to you for your consideration and that you would take this up with him directly. I also told him that, as far as I was concerned, I would recommend that it be not signed unless it contained a provision similar to article IV of the license and in which White River Lumber Company would reserve to itself, its successors and assigns, the right to use said road and to cross and recross the same with railroads, truck roads and other means. If this suggestion is satisfactory to you, I would suggest that you return the easement to the District Engineer, Real Estate Branch, Seattle, with that suggestion and any others which you may desire incorporated in the easement, asking that it be redrawn accordingly.

Mr. W. L. McCormick  
Weyerhaeuser Timber Company  
Tacoma, Washington

Dear Sir:

We have your letter of April 12 regarding details about two real estate transactions in 1944.

The first one was a cash deal and the deed is dated September 19, 1944, signed by Louis Olson, Vice President and C. E. Caverley, Assistant Secretary. The name of the purchasers was Frank Momarts and Mary Momarts, husband and wife. Description of the land was: South 315' of the West 140' of the East 160' of the NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of Section 24 T20N, R6E. Total consideration was \$350.00 which was paid in cash.

The second transaction was on purchase contract dated September 21, 1944 and signed by Louis Olson, Vice President and by the purchasers, A. M. Sager and Sophie Sager, husband and wife. The description of the land was: South 315', except the West 264' and except the East 160' of the NW $\frac{1}{4}$  of the SW $\frac{1}{4}$  of the SE $\frac{1}{4}$  of Section 24, T20N R6E. The total consideration to be paid is \$595.00.

February 5, 1945

White River Lumber Company  
Enumclaw, Washington

Attention: Mr. C. E. Caverley      Re:- Edna J. Hanson

Dear Sir:

Complying with your letter of February 3rd, the record of Mrs. Hanson's stock ownership, according to our record books, shows that she became a stockholder at the time of the transfer of the properties of Hanson Timber Company to White River Lumber Company, and there was issued to her stock certificate No. 13, dated Sept. 12, 1930 for 915-2/9 shares.

Last year Mrs. Hanson purchased 7/9 of a share from J. A. McKinnon, Jr. and there was issued to her on June 12, 1944 certificate No. 120 for 916 shares, which included the shares formerly in certificate No. 13.

Trusting this information will be what you want, we are

Very truly yours,

Mr. F. W. Radliff  
White River Lumber Company  
Enumclaw, Washington

Dear Mr. Radliff:

Acknowledging your letter of Sept. 14th, addressed to Mr. George S. Long, Jr., with enclosure of a 14 ft. right of way easement (and two copies) over the SW $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 27, Township 22 North, Range 6 East.

I enclose herewith a copy of a memorandum written by our Mr. Thomas dated today, which please read and note that possibly the title of this property has not been checked, because Mr. Thomas has an idea that being an odd section it is subject to Northern Pacific reservations.

If you have the title papers covering this section in your file, you can send them down here to our office, if you wish, and we will check the title .

As to a resolution by the White River Lumber Company authorizing the execution of this instrument, you might ask the Bonneville Administration if they have a form of resolution which they would like to suggest or recommend. We note that the land descriptions have been checked over and are satisfactory to you.

Mr. Thomas also speaks about an option for the Covington-Grand Coulee transmission line which has not yet been placed in the form of an easement and that later on you will be requested to give an easement for this also, and if it is in such shape that we can adopt the necessary resolution authorizing execution of that right of way, we could do both at the same time. For convenience you may address your further correspondence on this matter to the undersigned. Awaiting your further reply,

Very truly yours,

WHITE RIVER LUMBER COMPANY

# TACOMA OFFICE

Weyerhaeuser Timber Company

INTER-OFFICE  
COMMUNICATION

DATE September 16, 1942

TO Mr. W. L. McCormick  
Office

SUBJECT

I return to you herewith the proposed access road easement from White River Lumber Company to the Bonneville Administration, and which is in the usual form for such instruments, but a resolution of the White River Lumber Company's directors will be required. Mr. Radliff's letter, however, does not state that the title to this parcel has been checked, and my recollection is that lands in Section 27 owned by White River Lumber Company are subject to Northern Pacific mineral reservations and, if so, I think the easement should be subject to the same.

The access road easement refers to an easement to the United States for its Covington-Grand Coulee transmission line, and which was undoubtedly granted by White River Lumber Company. However, it is the Administration's practice to take six month's option before obtaining an easement, and it is altogether possible that White River Lumber Company has given an option, for which easement has not yet been requested, and I suggest you obtain the full details of this transaction, as any easement which may be hereafter made will also require a resolution of the Board of Directors and, if you have the information, such resolution as you pass can include both easements.

Attention: Mr. McCormick

Gentlemen:

We are returning the waiver of notice signed by Mr. Olson, Mr. Hanson and Mr. Robbins.

*meeting 8/12/43*

It took some time to get this completed as it was necessary to mail it to Mr. Robbins in Pasco and to Mr. Olson who is now in Los Angeles.

Yours very truly,

WHITE RIVER LUMBER COMPANY

*F. W. Radliff*  
Office Manager

FWR:rh

Enclosure

*I have a waiver in blank for a prior meeting to authorize the president or the vice president to sell 2 parcels of land to the U.S. at Houford and White Bluffs. This transaction is still in abeyance (8/30/43) and probably will require a subsequent meeting to pass such a resolution as the U.S. suggests after the papers have been looked over and the blank waiver can be used for such a meeting and new minutes prepared.*

Gentlemen:

I am returning the Waiver of Notice, which has been signed by H. W. Hanson and N. E. Robbins as requested in your letter of March 3.

I am checking to see what can be done about the fractional shares of stock held, and am sure that something can be worked out to eliminate these.

Very truly yours,

White River Lumber Company

  
Vice-President

FWR:R  
Enc.

Tacoma, Washington  
March 4, 1943

Mr. Louis Olson  
Enumclaw, Washington

Dear Mr. Olson:

Enclosed herewith please find a list of the shareholders of White River Lumber Company as of March 3, 1943, for the payment of the dividend of \$1.50 per share, declared on March 3, payable March 12, to shareholders of record on March 3, 1943.

I believe you have attended to the making out of the dividend checks and delivering them to shareholders in the past and expect to continue this procedure. Please acknowledge receipt.

We wish to call attention to the large number (18) of shareholders who own fractional shares, such as  $2/9$  -  $11/18$  -  $5/6$  -  $2/27$  -  $1/2$  -  $1/3$  -  $2/3$  -  $4/9$  etc. All of these fractional shares added together make only 6 shares. It is quite difficult to balance up a stock list with all of these shares and to figure dividends and take care of a roll call, etc. from a mechanical standpoint.

Would it not be possible for some of you people in Enumclaw to purchase all of these fractional shares among yourselves and combine them into even numbered shares? Six shares at \$100. per share would only amount to \$600.00 and any one of your shareholders could buy up the rest of the fractional shares at a satisfactory price. Anyway it would be a convenience if we could eliminate these fractional shares.

Very truly yours,

WHITE RIVER LUMBER COMPANY

Mr. W. L. McCormick, Secretary,  
White River Lumber Company,  
Tacoma Building,  
Tacoma, Wash.

Dear Sir:

The Directors of White River Lumber Company met in my office at nine o'clock this morning. Those present were: Chas. H. Ingram, A. L. Raught, Jr., and Minot Davis, as well as myself.

It was regularly voted that a dividend of \$1.50 a share be declared to Shareholders of record on March 3, 1943 (today), payable on March 12.

I should appreciate your preparing Minutes of the Meeting and securing suitable Waiver from the absent Directors.

Yours very truly,

President.

J. P. Weyerhaeuser, Jr.

Washington Retail and Excise Taxes

In answer to your inquiry of May 17th, the Retail Yards Division should, of course, collect the retail sales tax on all products sold that are sold for consumption, whether manufactured by you or not. There should be excluded from the retail excise tax the gross proceeds of all sales of products sold at retail, which were produced by you whether sold from the mill or through the retail yards.

As to the manufacturing tax, the recent amendment to the law did not change so you should follow your past practice.

As to how you are to determine the amount to be excluded from the retailing function, it would be my suggestion that you should arrive at the amount in the same manner as previously for the manufacturing tax, in other words, adding 25% of the value of your sales to the retail yards.

Accounting Department

J. S. Obenour ✓

# WHITE RIVER LUMBER COMPANY

ENUMCLAW, WASHINGTON

May 17, 1943

Tacoma Office  
Weyerhaeuser Timber Company  
Tacoma, Washington

Attention: Mr. Obenour

Gentlemen:

We have received a resume of the changes in the Excise Tax Law from the State Tax Commission, and notice that they say "Persons taxable under either the 'extracting' or 'manufacturing' classification of Title II are not taxable under either the 'wholesaling' or 'retailing' classification of the said title in respect to the sale at wholesale or retail of products extracted or manufactured by them".

We are wondering if we would not be entitled to make a deduction from the sales of our Retail Yards Division for the retail value of products manufactured by us and sold to them for the purpose of computing the retailing tax. Also, it has been our procedure in the past to increase the value of our sales to Retail Yards Division by 25 per cent under the manufacturing tax. Under the new regulations would we be relieved from this?

If we would be permitted to make the deduction from Retail Yards Division sales under the retailing tax which we have mentioned, we would appreciate your suggestions as to how this should be done so that it would be acceptable to the State Tax Commission.

Yours very truly,

WHITE RIVER LUMBER COMPANY

# WHITE RIVER LUMBER COMPANY

ENUMCLAW, WASHINGTON

May 18, 1935

Weyerhaeuser Timber Company  
Tacoma Building  
Tacoma, Washington

Attention of Mr. Obenour

Gentlemen:

We have a contract with the Union Oil Company for fuel oil at 85¢ per barrel. Since May 1 their invoices have been stamped with a rubber stamp reading as follows: "This invoice includes the State Fuel Oil Tax which has been assumed by this Company as defined by the law imposing said Tax." They have added the tax of 4¢ per gallon to this price and invoiced it at 95½¢ per barrel and then added Sales Tax of 2% on top of this which makes a total tax on fuel oil of 14.3%, which is exhorbitant as we see it. Of course, we are contesting their method of adding 2% to the price of 95½¢ as this makes a tax of 2% on the 10½¢ per barrel Fuel Oil Tax.

However, we are placing this matter before you as it occurs to us that 14.3% is such a heavy tax that we believe a favorable decision could be obtained if this particular provision of the Act were contested.

Very truly yours

WHITE RIVER LUMBER COMPANY

May 25th, 1934.

White River Lumber Company  
Enumclaw, Washington.

Attention:- Mr. Pierson

Gentlemen:

Receipt is acknowledged of your letter of May 23rd, asking us for number of tax receipt and date on which we paid 1930 tax on S $\frac{1}{2}$  of S $\frac{1}{2}$  of Sectn 18, Township 20 North, Range 8 East.

These taxes should have been paid from your office, as 1929 taxes were the last ones that we had on these lands. If you are unable to locate such receipt in your files, apparently the tax was not paid.

The 1930 and 1931 delinquent taxes may be paid without penalty up to May 31st of this year.

Very truly yours

WEYERHAEUSER TIMBER COMPANY

May 23, 1934.

Weyerhaeuser Timber Company  
Box 1645  
Tacoma, Washington.

Attention: Mr. Thomas.

Gentlemen:

On our 1933 tax statement covering the south half of the south half of section 18, township 20, range 8, there is a notation that the taxes for 1930 to 1932 are unpaid. We hold receipts for the 1931 and 1932 taxes and would appreciate your giving us the number of your receipt and the date paid of the 1930 taxes.

We think possibly we had better write the county treasurer, giving him the number of the receipts and let him get the subject straightened out.

Very truly yours,  
THE WHITE RIVER LUMBER COMPANY,

Mr. Pierson

Gentlemen:

Mr. Uhlman has just called my attention to the fact that you have not paid the 1930 and 1931 taxes on that part of N $\frac{1}{2}$  of N $\frac{1}{2}$  of Sec. 11-19-7E in Pierce County. This description was conveyed to you by our deed of Dec. 30, 1929 and apparently you have not paid taxes on it since it came into your possession. The delinquent taxes will amount to about \$35.00 plus interest.

We assume that you will take care of this delinquency promptly as well as correcting your tax records so that 1931 and succeeding years' taxes will be paid when due.

Very truly yours

Dear Sir:

Your letter of October 15, together with copy of letter from the Detroit Trust Company of October 12, was referred to Mr. A. W. Clapp as per your suggestion, and he advises that the Detroit Trust Company is correct and that the Wilson River Lumber Company cannot recover these funds. We are closing our file on this matter.

Very truly yours,

Tacoma, Washington

Gentlemen:

Attention Mr. Obenour

I am enclosing a copy of letter received this morning from Mr. E. E. Gordon of Detroit Trust Company, in which you will note he does not consider that we are entitled to a refund of the money advanced to pay interest on Wilson River Lumber Company coupon due September 1, 1928.

I assume Mr. Clapp is still on the Coast and suggest that you refer this matter to him for a legal opinion.

Yours very truly,

*H. H. Irvine*

Trust No. 2996

Mr. H. H. Irvine  
2257 First National Bank Bldg.  
St. Paul, Minnesota

Dear Sir:

Replying to your letter of October 9, 1934 regarding the Wilson River Lumber Company coupon due September 1, 1928 which has never been presented for payment, in the absence of a provision in the Trust Indenture authorizing the return of money to the mortgagor, counsel in other cases have advised us that such funds constitute trust funds which must continue to be held by the Trustee until called for by the rightful owner and that the statute of limitations does not run against such a trust.

Very truly yours,

E. E. GORDON

Detroit Trust Company  
Detroit, Michigan

Gentlemen:

RE: Wilson River Lumber Co.

We find that coupon No. 9, from bond No. 24, due September 1, 1928 of Wilson River Lumber Company bond issue, is still outstanding. The cash amounting to \$52.50 representing this interest money, was advanced you by Wilson River Lumber Company, and if it has not been called for I assume that we are entitled to a refund of this amount.

It is our understanding that the statute of limitation has run as of September first on this particular item.

Will you kindly let us hear from you,  
and oblige,

Yours very truly,

*H. H. Irvine*  
Treasurer

October 3, 1934

Mr. H. H. Irvine  
Weyerhaeuser Timber Company  
First National Bank Building  
St. Paul, Minnesota

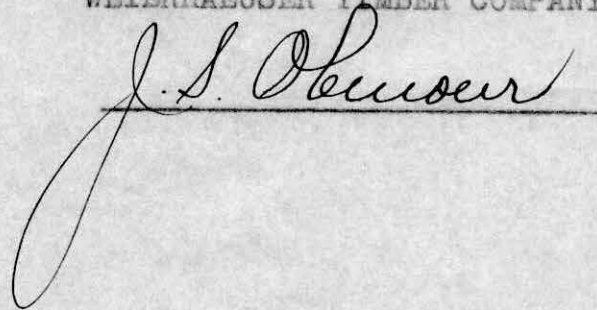

Dear Sir:

This is to call to your attention that coupon No. 9 from bond No. 24, due September 21, 1928 of bond issue put out by Wilson River Lumber Company is still outstanding and that the Detroit Trust Company is holding cash in the amount of \$32.50 representing interest money advanced by the Wilson River Lumber Company to take up this coupon. It is my understanding that statute of limitations run on September 1 of this year and if this is true, believe that the Detroit Trust Company should refund to the Wilson River Lumber Company the amount of interest money in their possession.

Inasmuch as all transactions with the Detroit Trust Company were handled through your office, we are calling this matter to your attention for any action you may care to take.

Very truly yours,

WEYERHAEUSER TIMBER COMPANY

St. Paul, Minnesota

Dear Sir:

Mr. McCormick has asked the writer to acknowledge yours of the 18th covering transmittal of certain files and cancelled bonds, with coupons, of the Wilson River Lumber Company, all of which were received by us under date of November 27th.

We enclose herewith copy of receipt showing a detailed inventory of shipment.

We are making a memorandum in this office to call to our attention the interest money held by the Detroit Trust Company to take up coupon #9 which has not been paid and which outlaws Sept. 1st, 1934, at which time we can take it up with the Detroit Trust Company to refund the same to the Wilson River Lumber Company.

We have in this office copies of the Treasury Department forms referred to in your letter, but when the final reports are made in 1932 we would appreciate receiving copies of them.

Very truly yours

ST. PAUL, MINN.

November 18, 1931

WILSON RIVER LUMBER COMPANY

Weyerhaeuser Timber Company

Tacoma, Washington

Gentlemen:

We are sending you today by express collect two packages containing canceled coupons and files in connection with Wilson River Lumber Company's bond issues. These are Mr. Allan B. Williams file Nos. 116 - 116 B - 116 C - 116 D 1 - 116 D 2 - 116 E - 116 F - 116 G - 116 H; one envelope not numbered, and one package in which we have put canceled coupons taken from an envelope file, the numbers being listed on the outside of the package.

We are also sending by express two sacks containing canceled bonds, being all of first and second mortgage issues. In one sack are canceled bonds, first mortgage, Nos. 1 thru 800; the other sack contains Nos. 801 thru 1000, and Nos. 1 thru 125 of the second mortgage.

*#1 to 117 incl with coupons 3 to 9 attached* } *118 to 125 incl with all coupons attached 1 to 9 incl*

All coupons from both bond issues have been canceled or cashed with the exception of Coupon No. 9 from Bond No. 24, due Sept. 1, 1928. Coupon No. 11 from Bond No. 525, due Sept. 1, 1929, was lost. In reply to our letter enquiring about these, Detroit Trust Company wrote us Sept. 29, 1931, as follows:

"We have a balance of \$32.50 in the No. 9 Coupon Account, as shown in your letter, but we do not have a balance in the No. 11 Account. This is due to the fact that one of the coupons from this account was lost, and we have made payment to the owner on an indemnity bond which is held in our office."

OFFICE OF

**THOMAS IRVINE & SON**

WEYERHAEUSER TIMBER COMPANY  
TACOMA, WASHINGTON

August 30, 1933

White River Lumber Company  
Mr. Hanson.

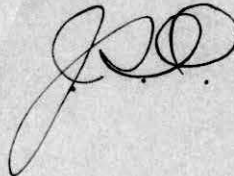

Enumclaw & Eastern Railway Company

When you were in this office discussing the capital stock tax return for the above company you stated that all of the benefits to be derived through the use of the above company had been obtained directly with the transcontinental railroads by the White River Lumber Company and that you knew of no further usefulness for the Enumclaw & Eastern, suggesting that the same be disincorporated eliminating the expense of annual license fees, etc.

Our Mr. Clapp expects to be with us the forepart of next month and we would ask that you please advise us the nature of the arrangements made with the transcontinental lines so that a decision can be reached regarding the disincorporation of the railroad company.

We thank you in advance for this information.

Yours very truly,

JSO:H

Mr. W. L. McCormick,  
Weyerhaeuser Timber Company,  
Tacoma, Washington.

Dear Sir:

I have your letter of August 18th  
relating to Enumclaw & Eastern Railway Company.  
I think that before I should approve of the dis-  
incorporation of Enumclaw & Eastern Railway Company  
I should be advised of the nature of the arrangements  
made with the transcontinental lines.

Yours very truly,

A handwritten signature in cursive script, appearing to read "A.W. Clapp".

# WHITE RIVER LUMBER COMPANY

ENUMCLAW, WASHINGTON

May 22, 1933

Weyerhaeuser Timber Co.  
Tacoma, Washington

Attention Mr. Obenour

Gentlemen:

Replying to yours of the 18th relative to our refund on the overpayment of our income tax for the year 1930, will state that we made payments to the U.S. Treasury of \$1,822.84 on March 15th and \$1,822.84 on June 15th.

You will note by the enclosed copy of the letter of transmittal that they included interest in the amount of \$239.24. We have no record of the date to which they were paying interest but we received a letter from Burns Poe of Tacoma dated June 22nd, stating that he held this check. Hence, we figure that the check must have been made out about June 15th. If such is the case the interest should have been \$246.08.

However, we believe that the interest is already figured at 6%. If you still desire the original letter of transmittal, we would be glad to forward.

Yours very truly,

WHITE RIVER LUMBER COMPANY

Mr. Pierson

If my recollection is correct, you received a refund from the Federal Treasury Department covering payment of tax for the year 1930 upon which they allowed you interest from the date of payment to the date of refund at the rate of 4%.

In view of subsequent court decisions, this interest should have been computed and refunded at the rate of 6%.

If you will kindly forward to this office the certificate of over-assessment or over-payment accompanying the refund check, we will prepare the necessary claim and secure the additional interest.

Very truly yours

Mr. F. R. Titcomb

Weyerhaeuser Timber Company

Tacoma, Washington

Dear Sir:

I have not heard anything from the Robbins regarding their purchasing of our retail yards. Both of them were here last week but they said nothing to me.

Mr. Robbins may be up here before the end of the week and if he does he will probably mention it to me and we will discuss it together.

Yours truly,

*A. G. Hanson*

AGH:sh

WEYERHAEUSER TIMBER COMPANY  
TACOMA, WASHINGTON

December 20, 1932

Mr. A. G. Hanson  
White River Lumber Company  
Enumclaw, Washington

Dear Sir:

Last night I rode home on the street car with young Mr. Norman Robbins. We discussed the sale of our Mabton yard, and finally our conversation drifted around to where we were discussing the sale of the entire yards. He asked what we would be willing to sell them for, and I think he might be sold on the idea of purchasing all of these from us.

I don't know whether or not he has any money for the first payment, but it might be good business for us to take a small payment down and a mortgage on the yards and inventory for the balance at say five or six per cent.

This would give Mr. Robbins an opportunity to make something for himself and take off our hands the retail yards, which, as you know, I have never felt should be a part of an operating organization.

Next time you are in Tacoma, I would like to discuss this with you a little further.

Yours very truly,

WHITE RIVER LUMBER COMPANY

F.R. Titcomb  
W

President.

WEYERHAEUSER TIMBER COMPANY  
TACOMA, WASHINGTON

Tacoma, Wash., Dec. 16, 1932.

Mr. John Kendall  
Potlatch Yards, Inc.  
Spokane, Washington.

Dear Mr. Kendall:

I was very sorry not to have had an opportunity to see you in Spokane, but unfortunately on Tuesday afternoon I came down with a rather severe cold, which prevented me from making the trip.

I talked with Mr. Ingram for just a moment regarding our Mabton Yard, but it seems that he got tied up with Mr. Peabody on some operating problems and did not have an opportunity to discuss the Mabton Yard with you.

Mr. Hanson and I have gone over this matter very thoroughly and we feel that this yard is worth \$8,000.00, plus the inventory at its market value. Of course, Mr. Hanson is much more familiar with the situation than am I, and the only reason that I injected myself into this picture was because I had planned on being in Spokane this week.

WEYERHAEUSER TIMBER COMPANY  
TACOMA, WASHINGTON

Mr. John Kendall -2-

I think it might be well, if you are interested in the purchase of this yard, or any of our other yards, that you take the matter up with Mr. Hanson.

I am sending him a copy of this letter, so he will be fully informed of the negotiations that have taken place up-to-date.

With kindest regards and wishing you the Season's Greetings, I am

Very truly yours

WHITE RIVER LUMBER COMPANY

FRT/M

cc to

Mr. A. G. Hanson

# WHITE RIVER LUMBER COMPANY

## ENUMCLAW, WASHINGTON

December 9, 1932

Mr. F. R. Titcomb

Tacoma, Washington

Dear Mr. Titcomb:

Mr. John Kendall made an appraisalment of our eastern Washington yards as follows:

	<u>Real Estate &amp; Improvement</u>
Ritzville	\$ 17,575.00
Pasco	12,500.00
Grandview	11,950.00
Mabton	<u>5,725.00</u>
	\$ 47,750.00

We have two unimproved sites:

Burbank	3,200.00
Hanford	<u>3,200.00</u>
	\$ 54,150.00

The stock on hand January 1st, 1931 was as follows:

Ritzville	\$ 10,579.16
Pasco	9,404.53
Grandview	11,919.69
Mabton	<u>6,159.51</u>
	\$ 38,062.89

The real estate and improvements of the Ritzville yard at \$17,575.00 is about right at this time. Pasco's valuation is much too low. In ordinary times this property should bring at least \$20,000.00. I myself refused \$40,000.00 for the Pasco property ten years ago.

WHITE RIVER LUMBER COMPANY

The Grandview yard should bring at least \$20,000.00

The Mabton yard cost us \$10,000.00 twenty years ago and since then we have put in \$2000.00 additional improvements. This investment proved to be rather bad owing to the uncertainty of wheat crops on the Horse Haven Hills. There is a big country west of Mabton that can be and really is irrigated but it lies in the Yakima Indian Reservation and nothing much has been done with it.

In a sale the real estate and inventories should bring us \$125,000.00 and I don't think we should sell for any less.

Looking back five years we made

1927	\$ 6,128.31
1928	11,403.56
1929	14,791.07
1930	8,004.28
1931	1,762.80

With the savings by moving our headquarters to Pasco and getting more work out of the management, we should be even better off than any time in the past.

Yours very truly,

*A.G. Hanson*

A.G.Hanson:sh

Contribution to Federated Industries.

Dear Mr. Hanson:

Mr. Titcomb has asked me to answer your letter of December 15th concerning your contribution to the Federated Industries and I have delayed until I had an opportunity to talk with Mr. Chapman and Mr. McCormick.

All of us believe that this office maintained in Olympia by the Federated Industries has been a very good influence and has not only done us all a lot of good directly but has kept us in touch with what was going on at Olympia. This year, probably due to the changes coming from the last election, the necessity of having this office will be increased and we might also expect that it may have more effect than before.

For this reason, and various others, we are continuing to support the Federated Industries quite generously and we would like very much, and recommend that you continue your contribution. It may possibly be that in the past this office may have been run rather extravagantly but we believe that they will be as economical as possible and that it would be a very good thing for us to actively support them, particularly this coming year.

Yours truly,

Mr. F. R. Titcomb

c/o Weyerhaeuser Timber Company

Tacoma, Washington

Dear Mr. Titcomb:

We are contributing \$25.00 per month to the Federated Industries and in the past we have given \$100.00 toward maintaining an office in Olympia during the meeting of the Legislature. About a month ago Mr. Botting sent out his first request. I did not answer his appeal at that time and he now comes back for an answer. It probably is a good thing but it looks to me as if that office has been run rather extravagantly in the past and if we should give it our support we should make our contribution much less than \$100.00. What do you think?

Yours very truly,

Tacoma, Wash., Dec. 7, 1932

Mr. A. G. Hanson  
Enumclaw, Washington.

Dear Sir:

I have been going over our insurance records with Mr. Barragar and note that you carry \$6,500.00 insurance on our buildings at Enumclaw and \$115,000.00 on the stock at this point.

The amount of stock that you apparently are carrying in your retail yard made a deep impression upon me, so much so that I am wondering if we have not made a mistake.

Mr. Barragar is going to be in Enumclaw some time next week and I have suggested that he talk this over with you. My thought in writing now is that you may want to look into the matter and be fully prepared when he gets there.

Yours very truly,

FRT/M

October 7, 1932.

White River Lumber Company,  
Enumclaw, Washington.

Gentlemen:

Mr. Pierson.

Enclosed herewith are the original minutes of the annual meetings of the stockholders and trustees of the White River Lumber Company held February 9, 1932, to be inserted in the original minute book in your office. My notation shows, and our duplicate minute book in the Tacoma office also shows, that the next blank page in the minute book in your office is page 67. I have, therefore, marked the enclosed pages 67 to 73, inclusive, and if your next blank page is page 67, please have these minutes pasted on these pages as indicated and advise me, so that we can have our duplicate minutes in the duplicate book here pasted on the same pages.

These minutes have not been sent to you before on account of the change which has been made in the manner of allocating the payment to the National Lumber Manufacturers Association for their trade extension work. While the method of making this allocation is somewhat different it will not be necessary to hold another meeting for that

WEYERHAEUSER TIMBER COMPANY  
TACOMA, WASHINGTON

White River Lumber Co. - 2.

purpose. The resolution as finally adopted by the Weyerhaeuser Timber Company's Executive Committee for the benefit of affiliated companies reads as follows:

"RESOLVED: That Weyerhaeuser Timber Company contribute to the National Trade Extension fund its fair quota, to be determined by General Timber Service, Inc., on the basis of shipments, of 20% of moneys actually paid in by subscribers to said fund other than the Weyerhaeuser Companies, it being the intention that the Weyerhaeuser Companies as a whole should pay in 20% of the amount actually paid in by others."

It will be understood that this will be the method of payment and no doubt you have already paid on this basis.

Enclosed also is an envelope for filing, which I think corresponds to what you did last year. This envelope contains the proxies, order of business and ballot used at the annual meeting of the stockholders. This can be filed away somewhere for a permanent record.

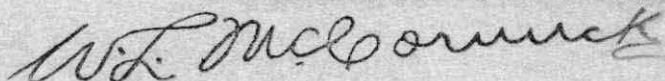

Please acknowledge receipt, and particularly advise me if the next blank page in your minute book there is page 67.

Very truly yours,

ENCS.

McPherson Claim for Damages.

For your information I herewith enclose copy of a letter received from Mr. G. F. Vanderveer in regard to Wiley McPherson damage claim and copy of my reply thereto. I would appreciate it if you would advise me if I have misstated any of the facts in my letter to Mr. Vanderveer.

I think Mr. Vanderveer is clearly mistaken about the liability of one who impounds water on his own premises being absolute. That is the rule in England as announced in the leading English case, Fletcher v. Rylands, but the rule generally adopted in this country is that one is not liable in such a case in the absence of negligence. Speaking on this subject in the early case of Klepsch vs. Donald, 4 Wash. 436, on pages 439 and 440 of the opinion, our Supreme Court used the following language:

"Respondent has cited us to the leading English case of Fletcher v. Rylands, L.R. 3 H.L. 330, which is reported in full in 1 Thompson on Negligence, 2 and strenuously argues for its adoption as the rule of decision in this case. Fletcher v. Rylands is not an old case at all; it was finally decided in 1868, and there are many cases in this country of equal importance which hold otherwise, and are of earlier as well as later date. The principle there announced was that 'the person who, for his own purposes, brings on his lands, and collects and keeps there, anything likely to do mischief if it escapes, must keep it in at his peril, and, if he does not do so, is prima facie answerable for all the damage which is the natural consequence of its escape; and, although harmless to others so long as it

WEYERHAEUSER TIMBER COMPANY  
TACOMA, WASHINGTON

Mr. A.G.Hanson - Page #2.

is confined to his own property, will be obliged to make good the damages which ensue if he does not succeed in so confining it.' That was an application to the storage of water of the same rule of liability to which owners of live animals are subjected upon their escape, which is a rule never adopted in this country as applied to inanimate property. On the contrary, with few exceptions, in America, if one builds a dam upon his own premises, and thereby accumulates water for his own benefit, or if he brings water upon his premises into a reservoir, in case the dam or reservoir give away and the land of his neighbor is flooded, he is not liable for damage without proof of some fault or negligence on his part."

Yours very truly,

*W. E. Heidinger*

Mr. G. F. Vanderveer  
Attorney-at-Law  
511 Alaska Bldg.  
Seattle, Wash.

Dear Sir:

This will acknowledge receipt of yours of the 27th inst. in which you state that Mr. Wiley McPherson has placed with you claim for damages done to his ranch through the breaking of the White River Lumber Company's log pond on Boise Creek.

On April 25th of this year I wrote Mr. Louis Haven, Counsel for Mr. McPherson, that it was my opinion that there was no liability on the part of the White River Lumber Company on account of this matter. I based this opinion on the theory that liability would have to be predicated on at least some negligence and so far as I know no one has even contended that the company was negligent in any manner. If you are correct in your statement that the liability of one who impounds water on his own premises is absolute, that, of course, would present a different question; but, even at that, I still cannot see where the company could be liable to Mr. McPherson for it is evident that whatever damage, if any, which he sustained was not due to the giving way of the company's dam.

This mill pond has been maintained for more than thirty years and the dam was sufficient to stand against any high water that ever occurred before, and was plenty strong enough to hold back the water on this occasion. What happened was that owing to the excessive quantity of water which came into the pond the water went over the top of the dam and gradually washed the gravel away in one place. This, of course, permitted a greater quantity of water to go into Boise Creek for a short time than otherwise would have happened, and augmented the water on the already over-flowed lands below. As you know, no such a flood as this had occurred before and every stream west of the Cascade Mountains was over-flowed. I have never yet been able to figure out just on what theory Mr. McPherson thinks the company is liable to him, although I have talked with him at different times and had some correspondence with him. It seems that a young man, who has no direct connection with the White River Lumber Company, but who happens to be a son of one of the stockholders and a nephew of the general manager, had been up in the hills and

July 27, 1932.

Mr. W. E. Heidinger  
P.O.Box 1645  
Tacoma, Washington.

Dear Sir:                    Re: Wiley McPherson vs. White River Lbr.Co.

Mr. Wiley McPherson has placed with me claim for damages done to his ranch through the breaking of your client's log pond on Boise Creek. On Sunday Mr. McPherson and I went over the whole ground and though I am no expert on growing ginseng I am of the opinion that he has suffered very heavy damages and that your company has no defense whatever to an action for their recovery. I notice that in your letter of April 1st addressed to your client, copy of which was evidently mailed to Mr. McPherson, you state that your client is not legally responsible for the damages done by this flood. I can't imagine upon what theory you base such a statement for the liability of a person who impounds water on his own land is practically absolute, and I believe we have witnesses in the present case to prove that your clients had been warned against the danger of impounding this water. If, however, you are sincere in this opinion I can see no need of wasting further time in an effort to adjust the claim. Otherwise, I will be glad to join you in almost any impartial method you may suggest of ascertaining the extent of Mr. McPherson's damages.

Very truly yours,

G. F. Vanderveer (signed)

Log Scaling

You spoke to me the other day about scaling the logs here in Tacoma, and at the time I said that I did not think it made much difference to us who scaled them, but this morning I had an opportunity to talk with Mr. Murnen, who is a director of the Puget Sound Log Scaling & Grading Bureau.

In the past the Puget Sound Log Scaling Bureau has not been consistent and one of the things Mr. Murnen and the Board of Directors is attempting to do today is to bring this scaling to a more uniform basis. Up to date they have done some very constructive work and I think should be encouraged. At the moment they lack sufficient capacity to reduce scaling fees, which they are in hopes of doing and which most certainly will come later when logs begin to flow into the Sound. To have one capable organization that will give a consistent scale at all times is worth while and in so far as possible I think we should support it.

Therefore, I am going to make the suggestion that if you have any logs coming into Puget Sound upon which you have no commitments as to scaling, that you think seriously of employing the Bureau for this purpose.

Yours very truly,

FRT/m

Copy to

# TACOMA OFFICE

WEYERHAEUSER TIMBER COMPANY

INTER-OFFICE  
COMMUNICATION

DATE April 18, 1932

TO Mr. F. R. Titcomb - Office

SUBJECT White River Lumber Company Cash Position.

Dear Sir:

Attached hereto is a form of statement which purports to show the changes in working capital at White River Lumber Company since January 1, 1932 to the end of March 31st, as resulting from operations as carried on for the first three months of this year.

This statement is something more than cash receipts and disbursements, as it shows the increases and/or decreases of other assets than cash. In other words, we have attempted to define "Working Assets" as assets which are consumed in operating, or liabilities which are increased or decreased due to operation. Accruals of taxes and interest are also considered as working liabilities.

The summary shown on the third sheet reflects that for the three months period they have increased actual cash by \$1,524.00. During this same period they have decreased their consumable assets \$25,000.00 and increased their liabilities \$38,829.00, or a net change in working assets (excluding cash) of \$63,829.00, making a net reduction in working capital, as defined, of \$62,305.00 for this three months period.

It will be noted from the statement that \$11,705.00 of this reduction is the book value of timber cut at \$2.11 per M, and \$22,092.00 of this reduction is the accrual of interest on their outstanding indebtedness. Aside from these decreases, other decreases as reflected by Sheet 2 are reduction in their lumber inventory to a book value of \$8,607.00; reduction in their log inventory of \$12,326.00. Similarly under liabilities, the liability for taxes has increased \$14,590.00 over the first of the year. Their tax accruals are at the rate of \$7,900.00 per month (based on 1931 tax payments) of which they have paid one-half of the personal property taxes in March, amounting to \$10,162.00.

For the month of March alone, the reduction in working capital is \$22,167.00, of which amount \$5,003.00 reflects value of timber cut; \$6,937.00 reflects accrual of interest.

The figures that make up this statement were obtained by Mr. Halliday from their records in a very short time, and in the opinion of the writer such a statement prepared monthly by White River Lumber Company and each of our other subsidiaries and branches, would give us very desirable information now not obtained readily from cost statements and other regular statements furnished this office.

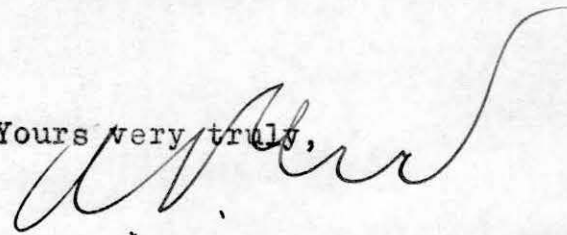

In other words, I propose to have each company prepare and furnish us with a statement of this kind, supplementing their cost statement and regular trial balance, which statement should be in our hands possibly five days in advance of the lengthy and elaborate cost statements.

Mr. F. R. Titcomb -3-

While the work involved in making up such a statement may be some burden, I believe the figures are well worth the effort, both to ourselves and the local management at the branch or subsidiary.

After you have studied this form over, we would like to discuss same with you, with the view of having something similar thereto furnished monthly from each company.

Yours very truly,

ADO/M

CC to

Mr. W. L. McCormick  
Mr. C. H. Ingram

P. S.

It might be stated that a statement of cash shut down outlay, or decreases in working capital if shut down, would then give a rather complete picture as to the advantage or disadvantage of operating over shut down.

*Representation is now taken into consideration*

April 13, 1932

White River Lumber Company

Mr. Pierson

We have yours of the 12th re credit memorandum in amount of \$43.74 in reduction of February plant engineering supervision charges, invoiced March 18th.

We are inclosing herewith the original invoice which was mailed to your office and returned to us through Mr. Ingram. This invoice, of course, should have been returned to you with our credit memorandum.

The \$43.74 charge was purely an error in time distribution in as much as Mr. Onstad's time was not chargeable to your operation. The remaining two items on this original invoice, we believe, are o.k. and are explained as follows:

February blue prints	.70
Blue print #2B&W - 27x30, ordered by Mr. Ryan.	
Expenses - W.E.Heidinger to Enumclaw --re flood control	4.60

The original invoice is returned herewith and is subject to deduction for credit memorandum of March 29th in the amount of \$43.74.

Yours very truly

Mr. Pierson

Gentlemen:

We enclose herewith copy of Revenue Agent Crittendens' report of your company for the year 1930 for your files.

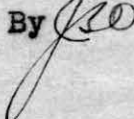

We also enclose herewith copy of correspondence regarding the report in which you will note that we have taken exception to their handling of accrued taxes as an income adjustment for 1930 which amount was an adjustment of taxes for years prior to 1930, all of which has been put on your books.

We enclose also journal entry showing a charge to undivided profits account of \$709.92 with a credit to surplus account in like amount, being an additional adjustment to your January 1, 1930 inventory, in accordance with Revenue Agent's report for the year 1929. We have left in this entry space for the insertion of the date of the entry which corrected the original inventory value and ask that you insert this date when you place the enclosed entry on your books.

Should there be any questions you would like to ask or additional information desired, please advise.

Very truly yours

Mr. C. L. Hamilton - St. Paul

End Marking Lumber by White River.Lbr.Company

When Fred K. Weyerhaeuser was out here we discussed with Mr. A. G. Hanson the possibility of his end marking the lumber which he produces with a machine similar to the one that Mr. Payzant designed for the guide-line framing. There was some thought that this would possibly conflict with the McDonough patents.

I would like very much to have your opinion on this at as early a date as possible, because Mr. Hanson and Mr. Olson of the White River Lumber Company are extremely anxious to start end marking their lumber.

Yours very truly,

Gentlemen:

At the recent meeting of the White River Lumber Company, we discussed to some length the tremendous volume of timber lying behind that operation, and the necessity of either producing on a two shift basis, or logging to the open market. It does not seem that it is going to be possible for us to double shift this plant for some little time, but it does seem reasonable that the White River Lumber Company, without much further expense, could put itself in shape to put logs into Puget Sound. This, we think, can be done on a very reasonable basis at a profit to the organization, and possibly a greater return for stumpage than will be possible by converting the stumpage in the saw mill.

The White River books show that this Company owns 2,234,000,000 feet of timber, which is available to that operation. There is a considerable amount available such as in state, government and private ownerships. In fact, Mr. Long estimated that there was at least 4,000,000 feet of timber tributary to the White River operation. This, we think, is entirely too much timber for that small mill to carry. The plan is not to start logging at once, but at a later date, when conditions are more favorable, and we can justify investment in adequate logging equipment. I would very much like to have your reaction to this suggestion, for the White River Lumber Company, feeling it may have some bearing upon the merger which is being fostered here on the Coast.

Yours very truly

Feb. 18, 1932

White River Lumber Co.  
Enumclaw, Wash.

Gentlemen:

I believe that perhaps you misunderstood my letter of Feb. 16th regarding timber assessments on Sec. 9-19-7E and 36-20-7E. I did not mean that timber assessments, if any, against these descriptions should be ascertained by writing to the Assessor but by personally inspecting the Assessor's rolls on these descriptions. These rolls are public records and whenever you happen to be in Seattle you could step into the Assessor's office and ask to see the rolls for these sections without telling the Assessor just why you wanted to look at them.

Very truly yours

WEYERHAEUSER TIMBER COMPANY

Mr. F. R. Titcomb

Weyerhaeuser Timber Company

Tacoma, Washington

Dear Sir:

On December 22nd I wrote you about the switching charge the railroads are willing to pay us for taking the cars to Ellenson.

Mr. Gillick was here this week and said he was anxious to know if we will accept their offer. He explained that this charge will have to be approved by the Interstate Commerce Commission and as the railroads scant revenues at the present time are not covering operating expenses, it will be hard to get approval of any extra expenses. The rate offered us was four dollars per car.

Yours very truly,

*A.G. Hanson*

Jan. 7, 1932

White River Lumber Co.

Enumclaw, Washington

Mr. Hanson

Gentlemen:

Referring to Mr. Titcomb's letter of Nov. 24th and your reply under date of Nov. 27th, which correspondence has to do with the assessment by this company of 5¢ per M to cover executive supervisory services rendered for the year 1931.

We suggest that you credit us as of Dec. 31, 1931 with 5¢ per M on your total production of lumber, lath and shingles for the year 1931; lath to be converted to board measure on a basis of 5 to 1 and shingles on a basis of 10 to 1; the production to be the final adjusted figures arrived at after Dec. 31 physical inventories are taken into consideration.

Inasmuch as this charge covers executive services in all matters pertaining to your corporation, some of which have no relation to the actual production of lumber, we suggest that you charge this amount to an account entitled "Executive Service - Weyerhaeuser Timber Co." This account to be transferred direct to your profit and loss account and not included in the cost of manufacturing lumber as part of your general expense account.

Very truly yours

December 24, 1931.

Mr. A. G. Hanson,  
Enumclaw, Washington.

In answer to your letter of the 22nd, which has to do with the switching between Ellenson and Enumclaw, I unfortunately am not familiar with the general setup that is contemplated as between yourselves and the railroads. Unfortunately Mr. McCormick is away until after the New Year, so I have not him to refer to. If it is not too much trouble would you send in an outline in a general way of exactly what the setup is and your own personal reactions to the arrangement as at present outlined.

As I gather from Mr. Buford's letter they are going to allow you something for running over your track on all shipments, with the exception of logs and fuel. Certainly these two commodities are not paramount to the volume of other things that you ship, such as lumber. It may be that if your return is adequate you can well afford to overlook these two items. I will, however, await with interest a further letter from you outlining the questions I have asked about.

Yours very truly,

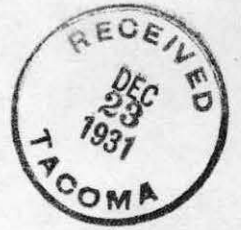

FRT-C

December 15, 1931

Mr. A. G. Hanson, Vice-Pres.,  
White River Lumber Company,  
Enumclaw, Washington

Dear Mr. Hanson:-

Referring to your letter of December 14th,  
in regard to an allowance for handling logs and fuel  
between Ellenson and Enumclaw.

As you know, the rate on these commodities  
is so low that to make any allowance for them would be  
embarrassing. I have talked it over with the General  
Manager of the Northern Pacific and both of us feel that  
both of these commodities should be billed from Enumclaw,  
and without any expense to the railroads for bringing  
them down.

Very truly yours,
