

ROUND MOUNTAIN RANCH, two miles east of Westwood, has long been abandoned. The houses were falling to ruin when I saw it last but the corrals, branding chute and feed racks were intact. The barns, framed of wood-pinned logs, still stood but there were big gaps in their split-shake roofs. The riders no longer saddle and take off at dawn but I have brought them back — just for this sketch.

Wishing you a happy Christmas
and New Year

FOREST-BORDERED HIGHWAYS MOUNTAIN SCENERY

Highways to Westwood are cleared of snow in Winter and kept open to traffic except No. 89 through Lassen Volcanic National Park and No. 32 from Chico through Deer Creek Canyon. No. 36 from Red Bluff and No. 395 from Reno are all-year routes.

These highways traverse forest and mountain scenery. If time permits you should see No. 24 the "Feather River Canyon Highway" and No. 89 which loops high on Mt. Lassen. Lassen Volcanic National Park is outstanding in Summer and unique in the continuance of Winter sports into Mid-Summer.
