Ch XI The General Allotment Act

131 General Allotment Act held allotment in trust for 25 years. To some extent a counterpart to the Homestead Law

- unallotted lands were to be opened to purchase, etc. by whites

145 Indian could lease a lease allotment - 20 year contract to lease Indian with

government farmer

146 ff. many still

152 proposal to set aside 100,000 ac in connection for timber supply began in 1911 when PIC reached over. Also from hold allotment and

tribal lands. By 1947 38 of 134 Agency employees were in the forestry

and game division. Proposal to lease big sales only to reduce

administration costs. Little employment of Indians in 1920s work

153 In 1926 a family of 4 received \$2,000 from TS

157 Reservation Seminals were not too successful - closed by 1930s

Handley, Kenneth W., Deposition - Feb 4, 1974

Not much help - a lot of questions about apparatus and
log price indices.

P 134 Says that Stagers and clearance used to provide for plants

140 H leaves steps along stream. subject to blunders. Rule for 300'
on either side is apparently not observed.

156 re-planters - some planting

157 says he has never experienced requested fuels for planting.

162 must like problems.

Wiler, Earl R, Deposition of Feb 5, 1974

Wiler is a consultant for the FBI TIGR - used to work for BIA,
retired as chief of Archery Branch in 1973

Sustainable Yield Capital Budget Report

- 110 Sustainable yield means local communities
- iii Rapid reforestation

111 Classification meaning in brief and need above in 120 words

112a. Selection (loggers) and sustainable yield (1) admittance and 120 words paper
of western local communities.
From an economic point of view, timber sales generate local jobs & support the practice of selection (loggers) whereas the benefits of a well-managed forest are numerous but substituted through.
